Infant Rooms

Our little ones are having a great time in the Infant Rooms. We too are gearing up for the fun birthday celebrations and activities that March brings.

As we approach spring, we are starting to enjoy more outside time with our little ones. We enjoy reading to and singing with our little ones and are amazed at how fast they are growing.

Toddler Room

Hello Happy Minds families! We are moving into Lucky March. There will be lots of fun and creative activities for the little ones this month. We will be coming up with some great sensory activities surrounding the color, and shape of the month.

We will be reading books and singing songs about the new shape, color, and nursery rhyme for the month. St. Patrick's Day and Spring are right around the corner. We will be making art projects around that theme as well. Can't wait!

- Ms. Terri, Ms. Ciara, & Ms. Tina

Rainbow Express

Leprechauns are on the loose this March! Have no fear though, the Rainbow Express will be looking for leprechauns on St. Patrick's day. We'll also be including multiple sensory activities this month such as creating a photo wall. Additionally, we'll be completing arts and crafts that strengthen fine motor skills.

Furthermore, the joy of reading will fill our classroom as the Rainbow Express explores the world of Dr. Seuss, by reading a different Dr. Seuss book. To encourage reading comprehension and expression of emotions, we'll be practicing identifying characters and their emotions. Finally, we'll be gratefully celebrating our wonderful schools birthday!

Rainbow Room

March is an exciting month with lots of fun to look forward to. This month we will be celebrating Happy Minds' birthday as well as Dr. Seuss's birthday week with lots of arts and crafts. We will also be learning about St. Patrick's Day. In honor of us being the Rainbow Room, our little ones will be exploring the classroom looking for leprechauns and pots of gold at the end of the rainbow.

The students in the Rainbow Room have learned a lot, and we are so proud of them. This month we will continue learning our colors, shapes, and nursery rhymes. We like to thank all our parents for their wonderful support

Star Room

We would like to start off by thanking our Star Room families for helping us have a fun Valentine's party. The children really enjoyed themselves. We had a great time learning about love and kindness.

We are excited to celebrate Dr. Seuss's birthday have a look out for our dress up days. 😊 We are also having a St. Patrick's party, keep an eye out for more details, and lastly Happy Anniversary to Happy Minds!

As we welcome spring, our class will begin to discuss the changes happening all around. We will be using all of our senses as we talk about the different weather changes, the change in scenery, our change in clothes, and some of our favorite foods that come with Spring.

Pre- Kindergarten

We have a lot to celebrate this month! We begin with Dr. Seuss's 116th birthday with a variety of related activities each day. Children learn new rhyming words as we read his books. Along with rhyming words, children will learn position words too. We are almost at the end of our letters, yay!! Our letters will be Uu, Vv, Ww and Xx. They have been building their vocabulary so well through letters each week! We will continue with writing numbers, counting in 5's and 10's and 'what comes next?'

Happy Minds celebrates its 8th birthday with cupcakes for kids! They are going to enjoy some surprises for St. Patrick's Day with some fun activities and green snacks!

Children have been doing so well with their letters and numbers! They love singing Alphabet Phonic Songs and all other songs related to each alphabet. A huge thank you to all our parents for your constant support!

Dear JR K Parents,

We have had an amazing month of February together. The students and I have had a wonderful time getting to know each other. Thank you to the parents and students for making this transition smooth and enjoyable for all. The students continue to socialize with one another during free play and build, explore and create together.

We cannot wait for the month of March. We are excited to celebrate Dr. Seuss and read his many wonderful books. We will be working on many amazing projects this month as well. We look forward to continued learning, building of friendships, playing and creating.
